

## Email for Schools

### ONE TRIBE ONE VILLAGE (OTOV)

An internet based community that allows All Native American youth to communicate freely with all tribes in order to share ideas and culture.

#### WHY OTOV?

##### Current Email Solutions are:

- Very expensive to install & administer
- Technical expertise is greater than most schools can provide
- Was used by schools but was evidenced as an insecure environment
- Corbel Action of 2005

##### OTOV is:

- A cost-effective, secure email solution for child-to-child communication within schools
- Very limited technical expertise needed at school level
- Cost is E-Rate fundable—only a small funding outlay needed from school
- Native Americans working with Native Americans

#### BENEFITS & FEATURES

- Web Mail - Use your email from any computer with internet access
- Spam Filtering
- Virus Filtering
- Content and Attachment filtering
- Title 24 Compliant
- Local Administrators monitor and control accounts
- Outlook and Outlook Express Compatible
- Global Address Book - Easy to locate others - Look up any email address from any school
- School domain names available or use your existing domain: yourname@yourschool.org
